### **AN ORDINANCE IN AMENDMENT OF CHAPTERS 1810, 1845, 1853, 1899, 1933, 1971, 1995, 2007, 2037, 2114, 2262, 2496, 2511, 2547, 2864, 3174, 3221 AND 3236 OF THE ORDINANCES OF THE CITY OF PAWTUCKET, APPROVING AMENDMENT NO. 18 TO THE PAWTUCKET REDEVELOPMENT PLAN, WHICH AMENDS THE CITY'S REDEVELOPMENT PLAN AND ADOPTS A PROJECT PLAN FOR PHASE 1A OF THE "TIDEWATER LANDING PROJECT"**

WHEREAS, in accordance with Section 45-32-4 of the Redevelopment Act of 1956 (the "Redevelopment Act"), the City of Pawtucket (the "City") and the Pawtucket Redevelopment Agency (the "PRA") adopted the Redevelopment Plan of 1982 approved by Ordinance No. 1810, approved July 8, 1982, a First Amendment approved by Ordinance No. 1845 approved May 26, 1983, a Second Amendment approved by Ordinance No. 1853 approved on July 21, 1983, a Third Amendment approved by Ordinance No. 1899 approved July 26, 1984, a Fourth Amendment adopted by Ordinance No. 1933 approved August 22, 1985, a Fifth Amendment adopted by Ordinance No. 1971 approved July 24, 1986, a Sixth Amendment adopted by Ordinance No. 1995 approved April 23, 1987, a Seventh Amendment adopted by Ordinance No. 2007 approved August 20, 1987, an Eighth Amendment adopted by Ordinance No. 2037 approved August 11, 1988, a Ninth Amendment adopted by Ordinance No. 2114 approved September 29, 1989, a Tenth Amendment adopted by Ordinance No. 2262 approved Jun 2, 1992, an Eleventh Amendment adopted by Ordinance No. 2496 approved June 25, 1998, a Twelfth Amendment adopted by Ordinance No. 2511 approved January 21, 1999, a Thirteenth Amendment adopted by Ordinance No. 2547 approved April 6, 2000, a Fourteenth Amendment adopted by Ordinance No. 2864 approved August 23, 2007, a Fifteenth adopted by Ordinance No. 3174 approved December 18, 2018, a Sixteenth Amendment adopted by Ordinance No. 3221 approved April 23, 2020 and a Seventeenth Amendment adopted by Ordinance No. 3236 approved December 22, 2021 (as amended heretofore and in the future, the "Redevelopment Plan") and designated the area within the City described in the Redevelopment Plan as a redevelopment area (the "Redevelopment Area") pursuant to the Redevelopment Act; and

WHEREAS, it is the purpose and intent of the City Council to facilitate redevelopment of the Redevelopment Area and Project Area (each defined and described in the Redevelopment Plan and Project Plan) to accommodate the City's redevelopment initiatives; and

WHEREAS, Fortuitous Tidewater OZ, LLC (together with its nominee or assignee, the "Developer") has proposed the development of a multi-purpose stadium with the main tenant being a professional team from the United Soccer League, and revitalization of the waterfront and downtown ("Phase 1A Tidewater Landing Project"); and

WHEREAS, the City and the PRA are considering raising funds for such redevelopment including (i) by the issuance of revenue bonds of the PRA payable from certain existing State tax revenues, subject to State appropriation, generated in the arts and entertainment district in the downtown area of the City (the "Arts District"), in the ballpark known as McCoy Stadium and related facilities and its immediately adjacent parcels (the "Ballpark District") and in the growth center district, including areas around the Pawtucket/Central Falls train station, downtown and along the Blackstone River (the "Growth Center District"), all pursuant to Rhode Island General Laws Chapter 45-33.4, as amended (the "City of Pawtucket Downtown Redevelopment Project Statute" or the "Super TIF Statute"); and/or (ii) the issuance of bonds secured by a pledge of property tax revenues ("Municipal Tax Increment Financing Bonds"); and /or other allocation of incremental property tax revenues pursuant to the Redevelopment Act and chapter 33.2 of title 45 of the Rhode Island General Laws (the "Municipal Tax Increment Financing Act"); and

WHEREAS, the Super TIF Statute requires the PRA to designate the Arts District, the Ballpark District and the Growth District as part of the City's Redevelopment Plan, which condition the City Council satisfied by its adoption of Ordinance 3221 approving the Sixteen Amendment to the Redevelopment Plan; and

WHEREAS, the City desires to ratify and confirm the designation of the Arts District, the Ballpark District and the Growth District as part of the City's Redevelopment Plan and, at the same time, to satisfy the requirements of the Municipal Tax Increment Financing Act to permit the creation of a tax increment for the Project Area; and

WHEREAS, the Municipal Tax Increment Financing Act requires as a condition precedent to the creation of a tax increment, that the City Council make certain findings, determinations and declarations in connection with the adoption of a redevelopment plan and project plan, including the designation of a tax increment area and the calculation of the tax increment to be derived from taxes levied on real and personal property situated in or otherwise assignable for purposes of property taxation in the tax increment area; and

WHEREAS, the PRA has recommended that the City Council approve an eighteenth ("Amendment No. 18") to the Redevelopment Plan which amends the Redevelopment Plan and approves a Project Plan consistent with improvements contemplated by the Developer for the Project Area; and

WHEREAS, the City wishes to adopt the Project Plan to permit tax increment financing of the Tidewater Landing Project Phase 1A, and

WHEREAS, Amendment No. 18 conforms to the goals, objectives and policies of the Comprehensive Plan; and

WHEREAS, the PRA shall be responsible for carrying out the Redevelopment Plan as amended by Amendment No. 18; and

WHEREAS, the City Planning Commission has considered Amendment No. 18 and has recommended that the Pawtucket City Council adopt Amendment No. 18; and

WHEREAS, a hearing on this Ordinance took place at which the Pawtucket City Council considered, among other things, the Amendment, the report of the City Planning Commission, a PRA Resolution recommending approval of Amendment No. 18, and the testimony of witnesses.

NOW THEREFORE, the City Council of the City of Pawtucket hereby makes the following findings, determinations and declarations with regard to the Redevelopment Plan and Project Plan, including Amendment No. 18 (as so amended, the "Amended Redevelopment Plan and Project Plan"), which findings determinations and declarations are required by Sections 45-32-13 through 45-32-18, Section 45-32-20 and Section 45-33.2-4 (1) and (5) of the Rhode Island General Laws:

1. The Amended Redevelopment Plan and Project Plan are feasible and conform to the comprehensive plan for the City of Pawtucket, and if carried out would promote the public health, safety, morals and welfare of the community, and would effectuate the purposes of the Redevelopment Act.

2. The estimated sources of funds for carrying out Phase 1A of the Tidewater Landing Project as provided in the Amended Redevelopment Plan and Project Plan are expected to be \$45.5 million of owner equity provided by Tidewater Stadium, LLC, the stadium owner and operator, \$31.5 million of Commercial Property Assessed Clean Energy (C-PACE) debt financing, \$1.5 million of investment from the food and beverage operator, \$10 million from net proceeds of Rebuild Rhode Island tax credits, \$10 million of net proceeds from a Municipal TIF bond issued by the PRA on behalf of the City or from other legally available revenues provided by the City, and \$25.5 million of net proceeds from the sale of revenue bonds issued by the PRA payable from certain existing State tax revenues generated in the Arts District, the Ballpark District and the Growth Center District.

3. The Amended Redevelopment Plan and Project Plan contemplate that Phase 1A of the Tidewater Landing Project will utilize existing support utility and street and roadway

infrastructure and will make enhancements as required to support the redevelopment of the subject parcels and the City Council hereby declares its intention to institute these improvements.

4. The Amended Redevelopment Plan and Project Plan do not provide for acquisition by the City of property by negotiation or by eminent domain for Phase 1A of the Tidewater Landing Project.

5. The Amended Redevelopment Plan and Project Plan do not contemplate financial aid designated by the federal government for Phase 1A of the Tidewater Landing Project.

6. The Amended Redevelopment Plan and Project Plan provides for the retention of controls and the establishment of any restrictions or covenants which may run with the real property sold, leased, or otherwise disposed of for private or public use as are necessary to effectuate the purposes of the Redevelopment Act.

7. The findings of fact that the Project Area is "blighted and substandard" set forth in the Amended Redevelopment Plan and Project Plan are hereby accepted. Based on those findings of fact, the Project Area is hereby found to be a "blighted and substandard area" as that term is defined in Section 45-31-8 of the Redevelopment Act and requires clearance, replanning, redevelopment, rehabilitation and improvement.

8. That the Project Area would not by private enterprise alone, and without either governmental subsidy or the exercise of governmental powers, be developed or revitalized in a manner so as to prevent, arrest, or alleviate the spread of blight or decay.

9. That the Amended Redevelopment Plan and Project Plan will afford maximum opportunity to privately financed development or revitalization consistent with the sound needs of the City as a whole.

10. The facilities are needed and that the financing of Phase 1A of the Tidewater Landing Project in accordance with the Project Plan is in the public interest.

12. The City Council intends that the Project Area be redeveloped in accordance with the City's Amended Redevelopment Plan and Comprehensive Plan and intends that such redevelopment promote the health, safety and welfare of the City.

13. Unemployment or the threat of unemployment exists in the City, and it is expected that the Project Plan will create approximately 2500 direct and indirect construction jobs and more than 1200 direct, ongoing jobs once completed. It is expected that wages and benefits from such jobs will be comparable to current market rates resulting in increased personal income tax for the State of Rhode Island.

14. Amendment No. 18 satisfies the requirements set forth in the Redevelopment Act, the City of Pawtucket Downtown Redevelopment Project Statute and the Municipal Tax Increment Financing Act.

NOW, THEREFORE BE IT ORDAINED BY THE CITY OF PAWTUCKET,

SECTION 1. Amendment No. 18 is annexed hereto as Exhibit A and is hereby incorporated by reference into this Ordinance.

SECTION 2. This Ordinance is hereby approved and Amendment No. 18 is hereby adopted, thereby amending the Redevelopment Plan and adopting the Project Plan.

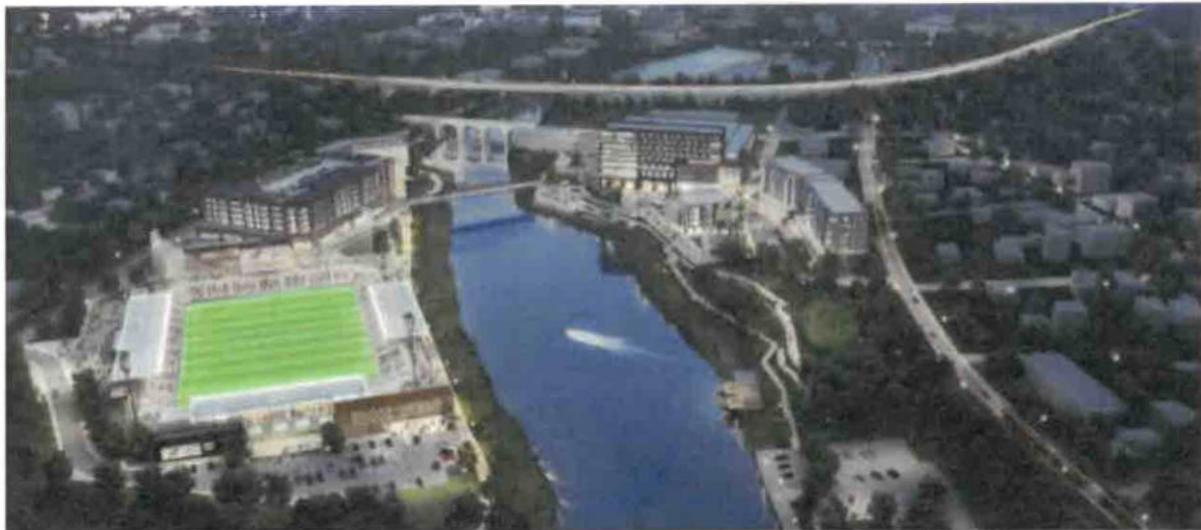

SECTION 3. The Redevelopment Plan, as amended by Amendment No. 18, is the official redevelopment plan for the Project Area.

SECTION 4. The Tidewater Landing Phase 1A Project shall be in the Project Area, and shall be identified as "Tidewater Landing Phase 1A Project Number 2022-1."

SECTION 5. This Ordinance shall take effect upon passage.

## I. Introduction

In 1982, the City of Pawtucket (the “City”) adopted its redevelopment plan (the “Plan” and/or the “Redevelopment Plan”), designated a redevelopment area (the “Redevelopment Area”), and established objectives and procedures for the City’s redevelopment. Since the Plan was adopted, seventeen (17) separate amendments have been adopted by the Pawtucket Redevelopment Agency (the “PRA”), approved by the Planning Board, and enacted as ordinances by the City Council. This is the PRA’s Amendment No. 18 to the Plan (“Amendment No. 18”). The Plan’s objective was, and continues to be, to provide the PRA with the tools and authority necessary to: eliminate conditions of blight by providing needed public improvements, facilitate rehabilitation through the repair of deteriorated structures, facilitate land assembly and redevelopment, and provide financing for certain public improvements. Redevelopment is critical to revitalize the City, to increase employment opportunities, and to increase tax revenue. Redevelopment also supports varied job markets by providing opportunities for growth of existing businesses and by attracting new businesses, and allows for the expansion of facilities and activities through the acquisition of privately-owned, under-utilized parcels, as identified in the Plan.

The City of Pawtucket is considering tax increment financing “TIF” as a means of providing for the acquisition, demolition, removal and rehabilitation of portions of the City to accommodate future private development. In addition to the powers granted by the “Municipal Tax Increment Financing Act” (defined below), which enables the PRA to create a municipal TIF, utilizing property tax revenue (a “Municipal TIF”), the PRA also may amend its Redevelopment Plan in accordance with the Super TIF Legislation (defined below), which enables the PRA to utilize certain state tax revenues as a financing source (a “Super TIF”).

In 1984, the Rhode Island General Assembly enacted Rhode Island General Laws Chapter 45-33.2 (as amended, the “Municipal TIF Act”) to enable Rhode Island municipalities to use tax increment financing as a means to “fund and/or finance municipal and other public facilities and residential, commercial and industrial development and revitalization home ownership, and programs to combat poverty, improve municipal and neighborhood living conditions and provide improved employment and educational opportunities”. The Municipal TIF Act was most recently amended in 2018 in order to modernize the process for municipalities and enhance the usability of Municipal TIF’s by cities and towns in supporting economic and community development initiatives.

In 2018, the Rhode Island General Assembly enacted Rhode Island General Laws Chapter 45-33.4 (the “Original Downtown Pawtucket Redevelopment Project Statute”), which authorized (1) existing State taxes realized from activities at McCoy Stadium and State tax revenue generated in the “Ballpark District” and (2) City incremental tax revenues generated in the Ballpark District, to be allocated to finance improvements in the Ballpark District. In 2019, the Original Downtown Pawtucket Redevelopment Project Statute was amended to permit the allocation of certain existing State tax revenues (called “Base Revenues”) and certain incremental State tax revenues, together with incremental City real property and tangible personal property taxes generated in the arts and entertainment district in the downtown area of the City (the “Arts District”), the Ballpark District and the growth center district, including areas around the Pawtucket/Central Falls train station, downtown and along the Blackstone River (the “Growth Center District”) (as so amended, the

“Super TIF Legislation”). The Super TIF Legislation permits such State and City tax revenues to be allocated to the payment of bonds and to pay-as-you-go capital projects in the Arts District, the Ballpark District and the Growth Center District.

In April 2020, the City Council adopted Ordinance 3221 approving Amendment No. 16 to the Redevelopment Plan (“Amendment No. 16”) which, as required by the Super TIF Legislation, expanded the boundaries of the Redevelopment Area to include the Arts District, the Ballpark District and the Growth Center District.

The purpose of this Amendment No. 18 is to supplement the information contained in Amendment No. 16, and provide the information required under State law so that the City and the PRA may utilize both financing tools, the Municipal TIF and the Super TIF, in order to provide financing for the Tidewater Landing Project as described herein. As such, the PRA has structured this amendment to be consistent with the requirements for a Municipal TIF under the Municipal TIF Act and for a Super TIF under the Super TIF Legislation.

The Tidewater Landing Project and certain other City/PRA projects are described in Section II – “Description of the Project.”

In the event that the PRA pursues a Municipal TIF with respect to the Tidewater Landing Project, this Amendment is intended to establish the redevelopment area, project area and identify the tax increment and make certain other findings required by the Municipal TIF Act. Plans for the Tidewater Landing Project and financial details are also included herein in accordance with the Municipal TIF Act. The Super TIF Legislation required that the City adopt a Redevelopment Plan, as defined in Section 45-31-8, which describes the Arts District, the Ballpark District and the Growth District. This was done in Amendment No. 16, and is augmented in this Amendment No. 18.

The Municipal TIF Act requires that a redevelopment plan include certain specific information. There are twelve items of mandatory information, below.

1. A description of the boundaries and location of the project area;
2. A description of the existing blighted and substandard conditions in the project area;
3. A plan describing proposed land uses in the project area;
4. Proposed standards of population densities, land coverage, and building intensities;
5. A description of proposed changes in streets and utilities;
6. A description of proposed changes in zoning or exceptions, variances, or modifications to zoning;
7. A general statement showing that the proposed redevelopment plan conforms to the master plan;
8. A statement showing the lands in the project area to be acquired and buildings or structures to be demolished and removed;
9. A general statement of proposed conditions, covenants, and other restrictions controlling the disposal and future use of the land and buildings in the project area;

10. A general statement of the extent of relocation resulting from the proposed redevelopment of the area and the proposed method for rehousing of displaced persons;
11. A statement of the estimated cost of carrying out the redevelopment plan, and a description of the method of financing the proposed redevelopment project; and
12. A general statement showing how the purposes of the Chapters 31-33 of Title 45 of the Rhode Island General Laws (the "Redevelopment Act") would be attained by redevelopment.

The Municipal TIF Act also requires a project plan to include certain specific information, including the following:

1. A project plan must contain:
  - (a) An estimate of project costs and the amounts and sources of funds to be used to defray those costs;
  - (b) Provisions for tax increment funding and/or financing of project costs in whole or in part;
  - (c) The estimated amount of indebtedness to be incurred pursuant to the Municipal TIF Act, an estimate of the tax increment to be generated as a result of the project, the method of calculating the tax increment, together with any provisions for adjustment of the method of calculation, and a designation of the board or officer of the City responsible for calculating the tax increment.
2. The project plan must not be inconsistent with the master plan for the City.
3. The project plan must be sufficiently complete to indicate:
  - (a) The nature of any designated beneficiary class, as described in the Municipal TIF Act;
  - (b) The location and boundaries of any project area and of the tax increment area;
  - (c) Land acquisition, demolition, removal and rehabilitation of structures and development, redevelopment, and general public improvements that are proposed to be carried out within the project area; and
  - (d) To the extent applicable the plan shall indicate the proposed method of relocation of persons or organizations that may be displaced as a result of carrying out the project.
4. Each project contained in the project plan shall either have:
  - (a) A project area designated in the project plan, or

- (b) There shall be established in the project plan a designated beneficiary class or classes on the basis of income or some other generally applicable criteria.

## **II. Description of the Project**

The Tidewater Landing Project involves the development of a multi-purpose stadium with the main tenant being a professional team from the United Soccer League (“USL”), and revitalization of the waterfront and downtown. The Tidewater Landing Project, which will be called “Tidewater Landing”, also includes expanded waterfront access through a riverwalk park connecting downtown to the riverfront, and a new pedestrian bridge. In addition to a new multi-use stadium, the Tidewater Landing Project will include residential housing units with an accompanying parking garage, retail and restaurant space and commercial office space. It is estimated that the full Tidewater Landing Project will create more than 2500 direct and indirect construction jobs and more than 1200 direct, ongoing jobs once completed.

The Tidewater Landing Project will consist of two phases. The initial phase (“Phase 1”) involves construction of a mixed-use development of 435 residential units with a 150-space garage, 60,000 square feet of commercial space, 56,750 square feet of retail and restaurant space along with the stadium and its accompanying 750-space parking garage. The stadium will contain a minimum of 7,500 seats and may be designed to accommodate up to 11,000 seats. The stadium will also be designed to accommodate the specific requirements for a USL soccer club and will be the home of Rhode Island’s new USL Championship franchise. Phase 1 will be split into subphases: Phase 1A includes the design and construction of the stadium and some of the associated supportive infrastructure improvements including surface parking, a portion of the riverwalk, a large public plaza, and other utility and preparatory infrastructure. Phase 1A also includes the design and other preliminary expenditures for the pedestrian bridge and certain other public infrastructure improvements that are planned to be constructed as part of Phase 1B. Phase 1B is expected to include residential units, surface and structured parking, office and retail/restaurant space and other infrastructure improvements, including a pedestrian bridge. Phase 1 will also involve infrastructure and public space improvements such as utility and stormwater improvements, roadway and streetscape improvements and off-site infrastructure improvements. The second phase (“Phase 2”) of the Tidewater Landing Project is expected to consist of an indoor entertainment and event venue, as well as a hotel.

## **III. Description of Boundaries**

### **A. Redevelopment Area**

The City has one Redevelopment Area for the entire City, which consists of approximately 33% of the geographic area of the City. The Redevelopment Area includes all or portions of twelve contiguous census tracts which exhibit indices of distress. The Redevelopment Area was expanded pursuant to Amendment No. 16 to include all of the areas identified in the Super TIF Legislation, including the Arts District, the Ballpark District and the Growth Center District, as shown in Figure A below. Figures B, C and D below show each of the Arts District, the Ballpark District and the Growth Center District, respectively. A list by Assessor’s map, block and parcel of all properties within the Redevelopment Area is included on Appendix A to this Amendment.

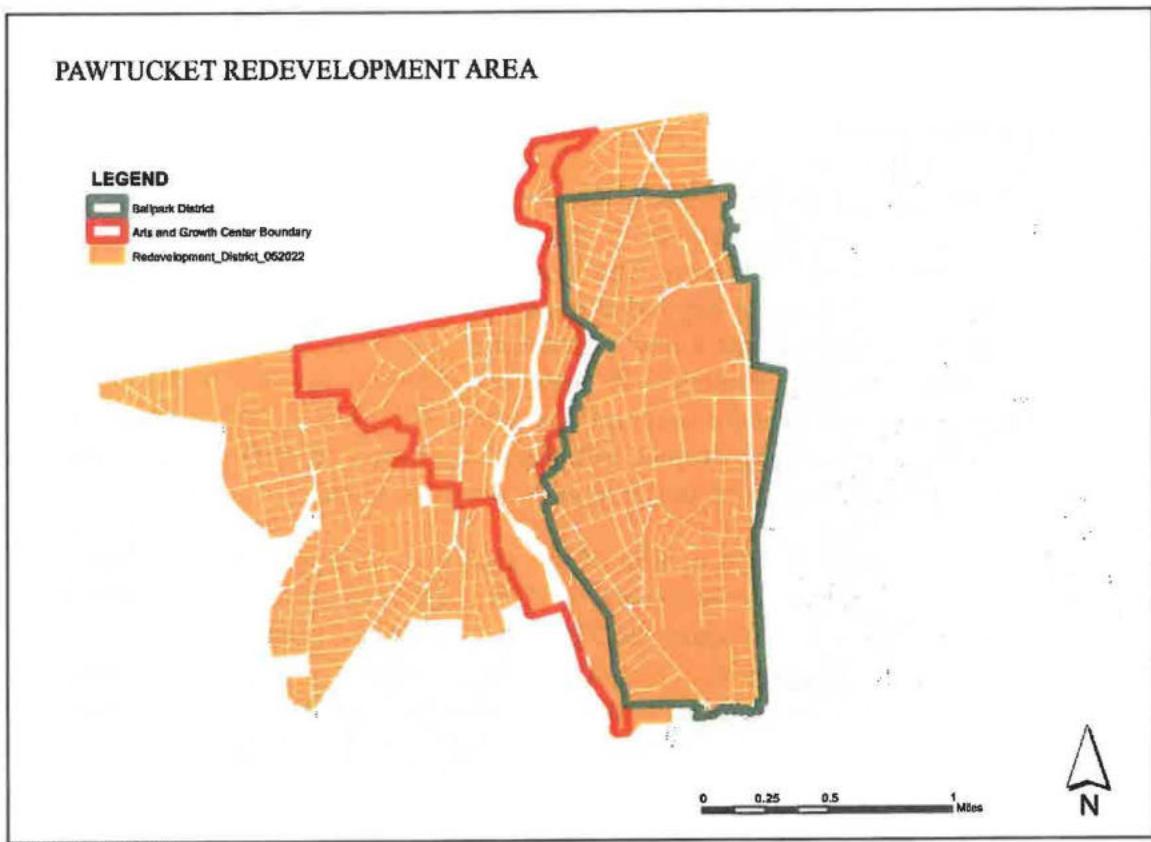

Figure A. *Redevelopment Area*

The Arts District shown below in Figure B is an economic development zone designated as the arts and entertainment district in the downtown area of the City within which artists can sell one-of-a-kind creations without paying sales tax. This was the first district of its kind in Rhode Island. The “Pawtucket arts and entertainment district” is defined as the area beginning at the point of intersection of Dexter Street and the Central Falls line, then east along the Central Falls Line to the Blackstone River, then north along the city boundary on the Blackstone River to the Cumberland line, then west along the Pawtucket city boundary line to I-95, then south along I-95 to Pine Street, then north on Pine Street to AMTRAK Right of Way, then northwest along the AMTRAK Right of Way to Dexter Street, then north on Dexter Street to the Central Falls line. The abovementioned streets are included in the district. Amendment No. 16 approved, and this Amendment No. 18 hereby ratifies and reapproves, the inclusion of the parcels shown in Figure B and listed in Appendix B to this Amendment as the Arts District constituting part of the Redevelopment Area.

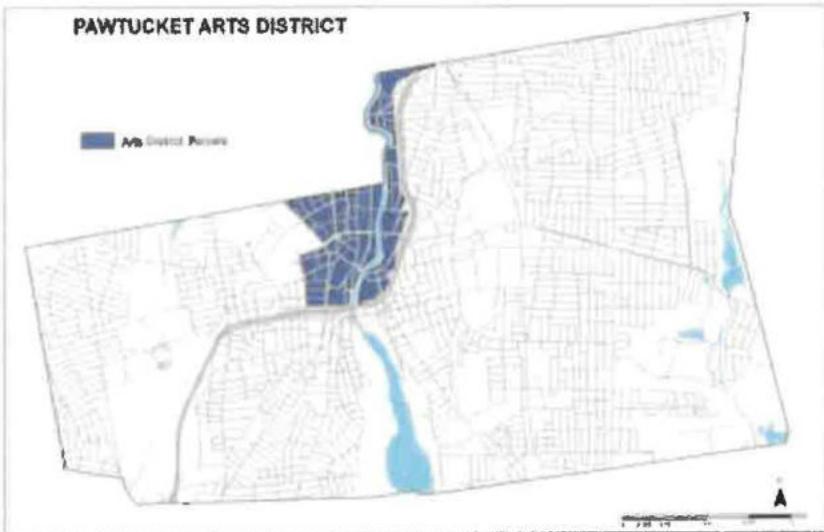

Figure B. *Arts District*

The Ballpark District shown below in Figure C includes the ballpark known as McCoy Stadium, and related facilities and its immediately adjacent parcels within the redevelopment area approved by the PRA in accordance with the procedures set forth in Super TIF Legislation. Amendment No. 16 approved, and this Amendment No. 18 hereby ratifies and reapproves, the inclusion of the parcels shown in Figure C and listed in Appendix B to this Amendment as the Ballpark District constituting part of the Redevelopment Area.

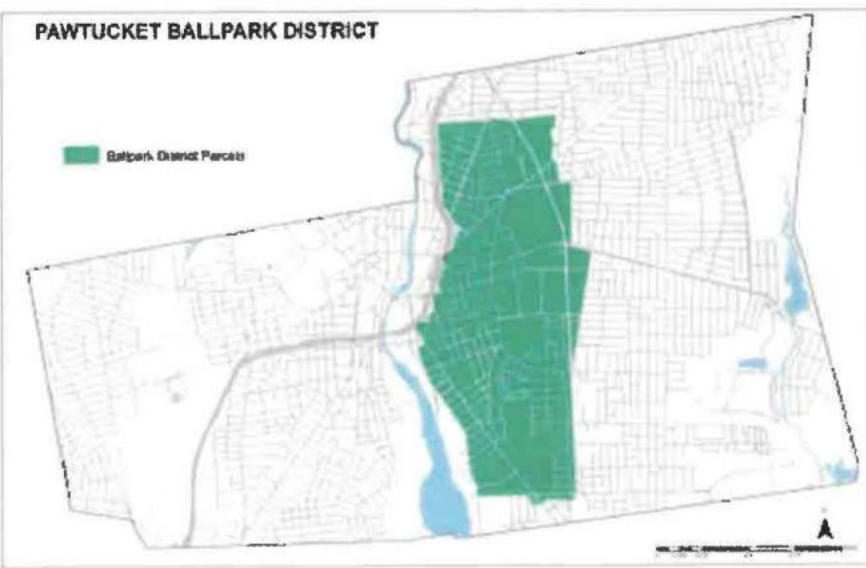

Figure C. *Ballpark District*

The Growth Center District shown below in Figure D was identified by the City in its 2016 Comprehensive Plan and includes the area around the Pawtucket/Central Falls Train Station, downtown Pawtucket and also the riverfront. Consistent with the Super TIF Legislation, the Growth Center District is the growth center district described in a redevelopment plan or in a tax

increment district master plan approved by the PRA in accordance with the procedures set forth in Redevelopment Act and the Municipal TIF Act, which has boundaries as follows: The area beginning at the point of intersection of Lonsdale Avenue and the Central Falls/Pawtucket line, continuing south on Lonsdale Avenue until Beecher Street, then heading east, then south, then east on Beecher Street to Coleman Street, then turning south onto Coleman Street to Carpenter Street, then heading east onto Carpenter Street to Conant Street, then turning south onto Conant Street, continuing to Main Street, then turning northeast onto Main Street to Church Street, then turning east onto Church Street to Pine Street, then turning south onto Pine Street to South Union Street, then turning east onto South Union Street to Park Place West, then turning south onto Park Place West to George St, continuing south onto George Street to Division Street, then turning east onto Division Street to Taft Street, then turning south onto Taft Street to Max Read Field, turning east at Max Read Field and crossing the Seekonk River, then turning south along Seekonk River boundary to the intersection of Berry Spring Street and School Street, continuing northerly onto School Street to Bowers Street, turning east onto Bowers Street to Prospect Street, then turning north onto Prospect Street to Interstate 95, turning northeast onto Interstate 95 to Walcott Street, turning west onto Walcott Street to Broadway, turning northerly onto Broadway to edge of Interstate 95, continuing north along the western edge of Interstate 95 to Pawtucket/Attleboro city line, then turning west at the city line to the Blackstone River, then south along the city boundary on the Blackstone River, continuing westerly along the city line to the point where the city line intersects with Lonsdale Avenue. Amendment No. 16 approved, and this Amendment No. 18 hereby ratifies and reapproves, the inclusion of the parcels shown in Figure D and listed in Appendix B to this Amendment as the Growth Center District constituting part of the Redevelopment Area.

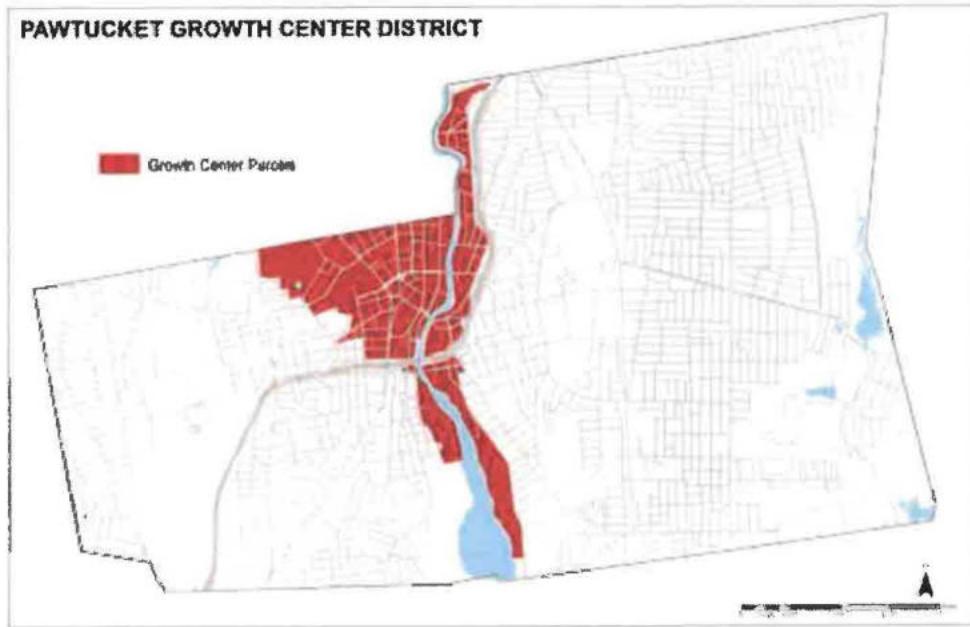

Figure D. Growth Center District

B. Project Area

The following area in the City is hereby designated as the Tidewater Landing Project Area:

The Tidewater Landing Project Area is comprised of 5 parcels (listed below) totaling roughly 27.5 acres as shown on the map below.

- i. 45 Division Street and Unnumbered School Street (23/0673, 23/0672, 23/0599)
- ii. Unnumbered Taft Street (parcel 54/0827)
- iii. 11 Tidewater Street (parcel 65B/723)

The properties are located along the Seekonk River divided into two development sites: the “Tidewater Site” on west side of the Seekonk River and the “Division Street Site” on the east side. The Tidewater Site is generally bounded by Taft Street to the west, Division Street to the north, the Seekonk River to the east, and Tidewater Street to the south. The Division Street Site is generally bounded by the Seekonk River to the west, Division Street to the north, Water Street to the east, and Festival Pier to the south.

Maps of the Tidewater Landing Project Area are shown as Figure E-1 and E-2 below.

[Remainder of page intentionally left blank]

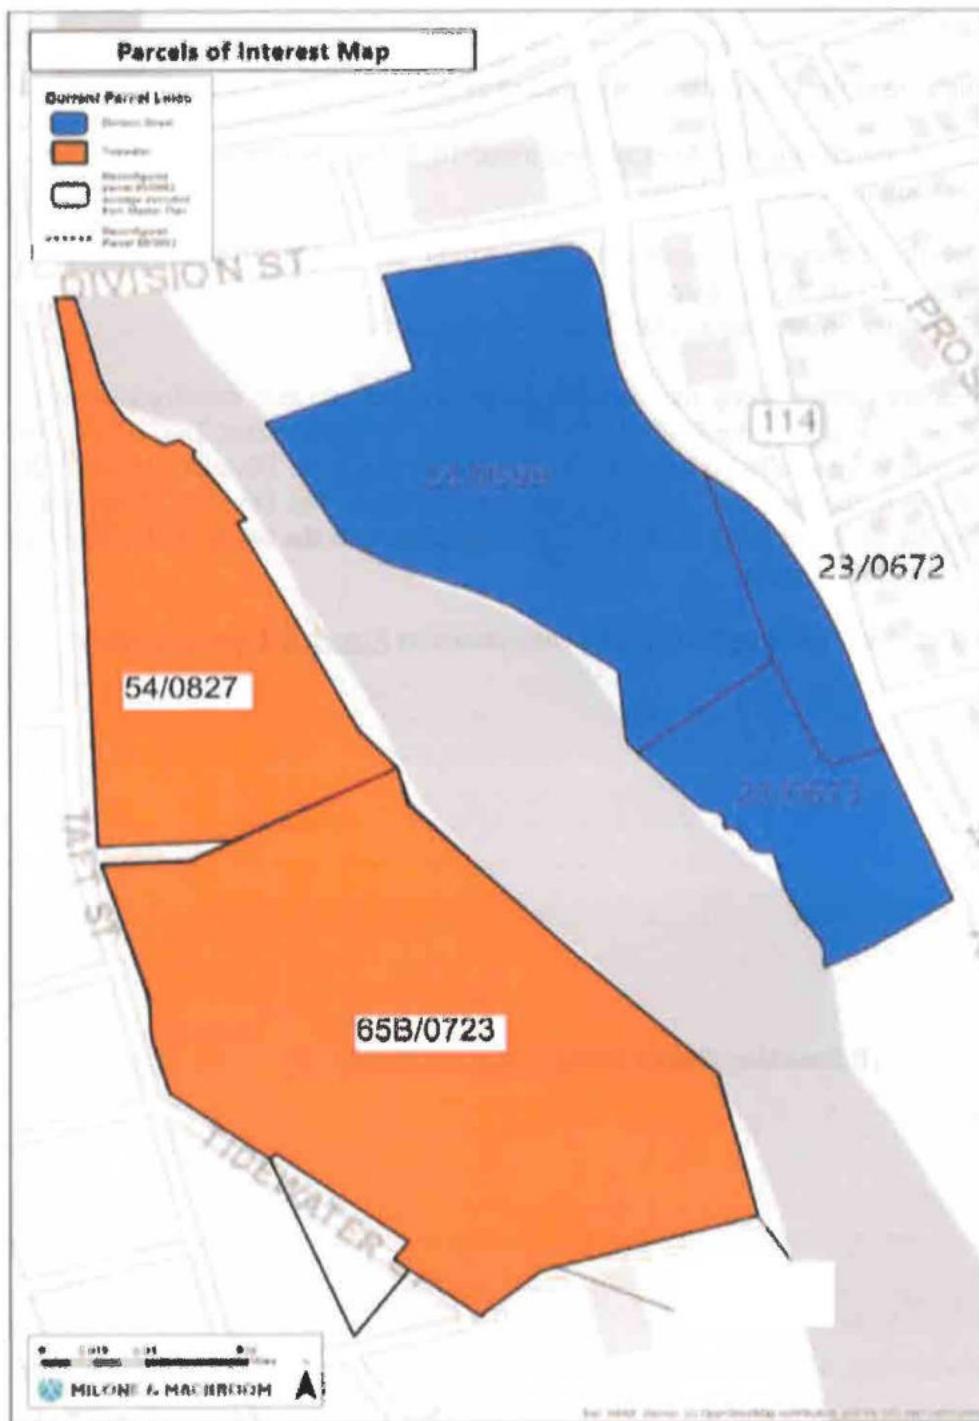

Figure E-1. Tidewater Landing Project Area Site Map

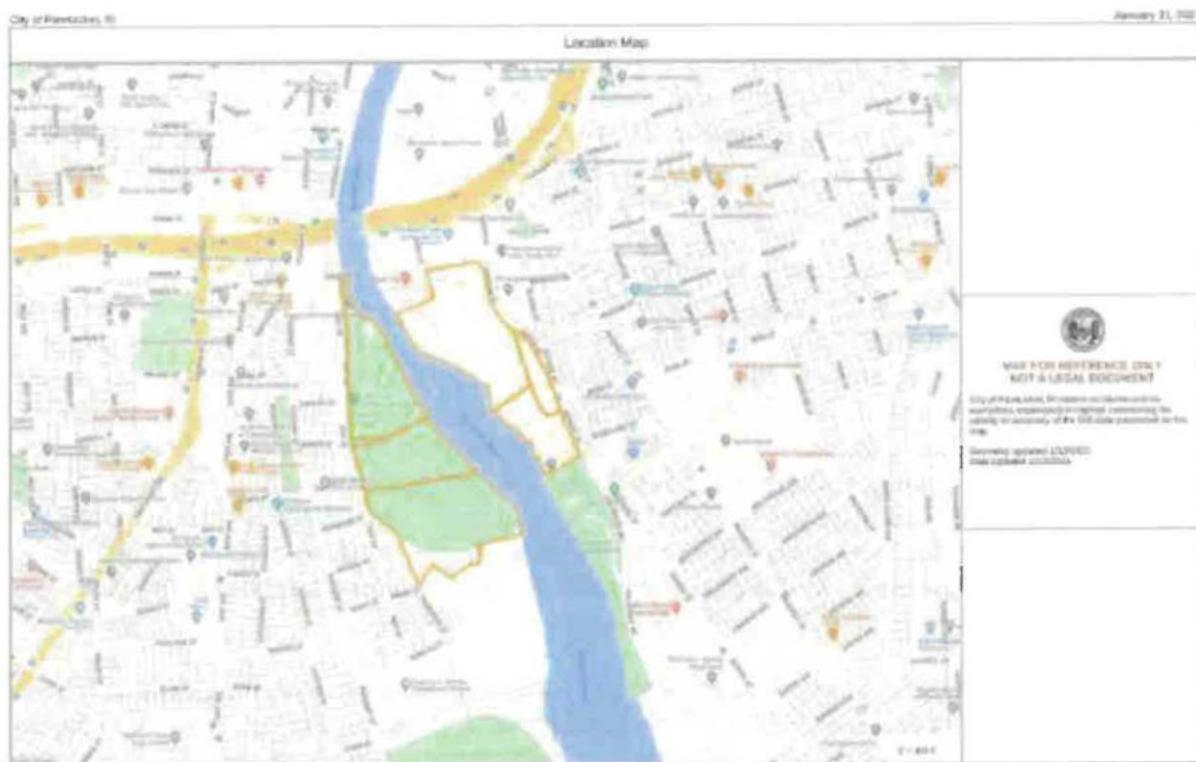

Figure E-2. *Tidewater Landing Project Area Location Map*

### C. Tax Increment Area

In the event that the PRA pursues a Municipal TIF with respect to the Tidewater Landing Project, the boundaries of the Tidewater Landing Tax Increment Area will be coterminous with the boundaries of the Tidewater Landing Project Area as shown in Figure E-1 and E-2 above. For more information regarding the Tax Increment Area, see Section VII. B. which sets forth the Tax Increment provisions.

### IV. **Description of Blight and Substandard Conditions in the Project Area**

The Tidewater Landing Project Area, specifically parcels formerly utilized for industrial purposes, meets the definition of “arrested blighted area”, as well as the definition of “blighted and substandard area” as described by Rhode Island General Laws § 45-31-8. The current physical condition of these properties clearly presents the existence of unsuitable soil conditions, the existence of dumping or other unsanitary or unsafe conditions, and the deterioration of site improvements – most notably riverbank revetments critical to flood prevention, erosion control, and development feasibility. Blighted and substandard areas shall also include those areas where hazardous materials, as defined in by Rhode Island General Laws § 23-19.14-3, are present regardless of whether or not the entire area contains hazardous materials.

Section 23-19.14-2 states, “It shall be the policy of this state to assure that: (1) Activities are taken to control and eliminate contamination at industrial properties that are fair, consistent, and compatible with the current and reasonably foreseeable future use of the property; (2)

Environmental barriers to economic redevelopment and beneficial reuse of contaminated properties are removed; (3) Opportunities area available for businesses to realistically manage their environmental liabilities; (4) Voluntary and cooperative clean-up actions are encouraged to the greatest extent possible; and (5) Processes for environmental clean-up and liability relief are effective and efficient and minimize transaction costs to the extent reasonably feasible in order to facilitate appropriate reuse of contaminated properties.”

These definitions are applicable for contaminated properties, abandoned properties, underutilized properties, properties with tax delinquencies, properties with substantial code violations, and vacant land. Properties included within the Tidewater Landing Project Area demonstrate a range of soil quality and conditions, and deferred maintenance that often accompanies underutilization. These conditions have significant impact on the social, economic, and environmental vitality of the City’s riverfront area by limiting investment and redevelopment potential. For the foregoing reasons, and the reasons set forth herein, properties comprising the Tidewater Landing Project Area are “blighted and substandard”, and redevelopment is necessary in order to eliminate this current condition, and to prevent further blighted and substandard areas from emerging. The following briefly describes specific factors contributing to this “blighted and substandard” determination for the Tidewater Landing Project Area.

Combined Sewers – Recent improvements to combined sewer systems operated by the Narragansett Bay Commission (NBC) within the Tidewater Landing Project Area supplement City-owned and operated stormwater infrastructure. Ongoing and significant investment in these public infrastructure systems are critical to better handle and treat wastewater runoff. Overall capacity and efficiency improvements present a dual benefit of improving the environmental condition of public waterways while also allowing for additional development that will contribute to wastewater production. The expense associated with these infrastructure improvements result in environmental and economic barriers to redevelopment, particularly for private investment.

Industrial and Environmental History – Properties within the Tidewater Landing Project Area, at both Taft Street and Division Street have a documented history of industrial use, environmental contaminants, site investigations, remediation action workplans, public notices, and environmental land use restrictions. Taft Street parcels were specifically utilized for manufactured gas plant operations, and parcels at Division Street were utilized for various automobile repair and sale operations. The City of Pawtucket, in coordination with property owner Rhode Island Energy, formerly National Grid, has long envisioned remediation that mitigates adverse public impact while facilitating redevelopment that may expand economic development, public river access, and improved stormwater runoff strategies.

Dumping and Unsanitary Conditions – The underutilized nature of properties within the Tidewater Landing Project Area results in frequent illegal dumping of materials creating unsafe or unsanitary conditions. Most commonly, household waste is illegally left at the site(s), but instances of illegal dumping of equipment, refrigerators, grills, tents, construction waste, electronics, and yard waste has occurred.

Riverbank Stability – All properties within the Tidewater Landing Project Area include frontage along the Seekonk River. Evaluation of existing revetment infrastructure by qualified engineering consultants revealed the need for substantial slope reinforcement in order to prevent

further deterioration. The stability of outdated and deteriorating revetment infrastructure is critical to redevelopment feasibility by limiting erosion, minimizing flood related damage, and stabilizing soils to allow for substantial construction projects.

## **V. Description of the Proposed Land Uses in the Project Area**

The introduction to this Amendment described the twelve items that must be included by statute in a redevelopment plan. This section includes the following required information related to land use: (i) the proposed land uses in the project area, (ii) a general statement of proposed conditions, covenants, and other restrictions controlling the disposal and future use of land and buildings in the project area, (iii) proposed standards of population densities, land coverage, and building intensities, and (iv) a description of proposed changes in zoning or exceptions, variances, or modifications in zoning.

### **A. Proposed Land Uses in the Project Area**

Figure F below is a map of the Tidewater Landing Master Plan that was approved by the City Planning Commission on January 19, 2021. The Tidewater Landing Project includes development on either side of the Seekonk River.

[Remainder of page intentionally left blank]

Figure F. Map of Tidewater Landing Master Plan

### Tidewater Site

The tax parcels comprising of the Tidewater Site are proposed to consist of the residential and commercial development shown in Table A.1.

Table A.1. Proposed Tidewater Site Development

| Description        | Quantity | Type             | Completion |
|--------------------|----------|------------------|------------|
| <b>Tidewater</b>   |          |                  |            |
| Soccer Stadium     | 10,000   | Seats            | 2024       |
| Residential        | 235      | Units            | 2026       |
| Retail/Restaurant  | 15,000   | Gross Floor Area | 2026       |
| Surface Parking    | 85       | Spaces           | 2024       |
| Structured Parking | 750      | Spaces           | 2026       |

The stadium will be designed to accommodate the specific requirements for a USL Championship soccer club and will be the home of Rhode Island's new USL Championship franchise. The stadium field will be designed to accommodate other sports, such as lacrosse, football, field hockey, and rugby so that it may attract more sporting events. The venue is also anticipated to host concerts and other non-sports events.

North of the stadium on land owned by the City, the development will include multi-family residential units, restaurant and retail space, and a parking garage to support the stadium. Wide concourses and event plazas between the stadium and the northern building can be used on weekends for art festivals, food festivals, farmers markets, and other public events.

#### Division Street Site

The tax parcels comprising of the Division Street Site are proposed to consist of the residential and commercial development shown in Table A.2.

*Table A.2. Proposed Division Street Site Development*

| Description          | Quantity | Type             | Completion |
|----------------------|----------|------------------|------------|
| Division             |          |                  |            |
| Phase I              |          |                  |            |
| Residential          | 200      | Units            | 2025       |
| Surface/Res. Parking | 220      | Spaces           | 2024       |
| Structured Parking   | 150      | Spaces           | 2025       |
| Office               | 60,000   | Gross Floor Area | 2025       |
| Retail/Restaurant    | 41,750   | Gross Floor Area | 2025       |

The development will be directly connected to the Tidewater Site via a pedestrian bridge, providing a vital connection from the Tidewater Site to the riverwalk along the east riverbank. The riverwalk includes a new boardwalk that spans a tidal wetland along the riverfront, a new overlook park, and an amphitheater area on the northern end of the site.

#### B. Conditions, Covenants, and Restrictions

All development within the Rhode Island Coastal Resources Management Council (CRMC) jurisdictional area must comply with Metro Bay Special Management Plan (SAMP) requirements, the most applicable for the Tidewater Landing Project Area being Urban Coastal Greenway (UCG) design standards. Future development for all parcels within the Tidewater Landing Project Area will be required to incorporate coastal greenway infrastructure that is intended to maintain linear public access, native plants, habitat restoration, stormwater management best practices, and sediment control measures. Accompanying easements must be established and recorded to ensure public access and maintenance. Generally, urban coast greenway restricted areas are approximately 100 feet in width.

The Narragansett Bay Commission (NBC) is currently engaged in design and construction of combined sewer overflow (CSO) tunnel phase III infrastructure. The intent of this infrastructure is to capture and treat wastewater that would otherwise overflow during heavy precipitation events and adversely impacting the environmental condition of the Seekonk River and greater Narragansett Bay. The location of this subsurface tunnel system directly overlaps with the Tidewater Landing Project Area at both Division Street and Taft Street. As such, construction, maintenance, and access easements must be established and recorded in association with this public utility system.

Parcels at the southwest of the Tidewater Landing Project Area were previously utilized for manufactured gas plant operations. This industrial history necessitated the completion of a Site Investigation Report (SIR) and a Remedial Action Work Plan (RAWP) among other required documentation to be approved by the RI Department of Environmental Management (RIDEM). Site remediation actions have been approved and initiated. Upon completion, an Environmental Land Use Restriction (ELUR) must be established and recorded. This restriction can limit future uses of the property based on remedial standards achieved, but more likely will require annual inspection and reporting related to approved soil capping in the form of clean soil fill and impervious surface.

#### C. Proposed Standards of Population Density, Land Coverage and Building Intensity

In February of 2021, the City of Pawtucket, in coordination with the PRA, adopted zoning ordinance amendments to establish the Riverfront Tidewater (RTW) zoning district with accompanying use and dimensional requirements, and to rezone the parcels comprising the Tidewater Landing Project Area to this new zoning designation. The stated purpose of this zoning district is to encourage cohesive mixed-use development of vacant parcels in proximity to the Blackstone and Seekonk Rivers that provide high-quality amenities for both residents and visitors, contribute to positive economic development, improve multimodal connections to downtown Pawtucket, and enhance public access to, and viewsheds of, the riverfront area.

Consistent with the above purpose, the PRA envisions that the Tidewater Landing Project Area, consisting of roughly 28 acres of land, would derive its highest public benefit through a high intensity reuse. Due to the area's proximity to state highway facilities and planned development, it is recommended that the Redevelopment Plan take into account the desirability for office, retail/restaurant, residential, raised parking, or municipal or public structures that may exceed 100 feet in maximum height as set forth in the current zoning. Such regulations are set forth in acknowledgement of the benefits, financial, aesthetic or otherwise, which would be realized through the construction of structures at this scale.

Additionally, the adopted RTW zoning regulations include up to a 100% building to land coverage ratio for office, hotel, and residential structures, provided that required landscaping, site stormwater management, and parking standards are satisfied. Site design standards also require pedestrian and public amenities which improve the accessibility, aesthetic condition, and public use of the properties, particularly along the riverfront. Similarly, for raised parking structures, the adopted RTW zoning regulations allow for up to a 100% building to land coverage ratio, again provided that landscaping and site stormwater management standards are satisfied.

For office and hotel buildings, the PRA recommends no more than a total of 1 million square feet of building space within the Tidewater Landing Project Area.

For raised parking structures, the PRA recommends no more than a total of 4,000 parking spaces within the Tidewater Landing Project Area.

**D. Exceptions, Modifications, Variances and Changes in Zoning**

The Pawtucket City Council adopted zoning ordinance amendments associated with the rezoning of all properties within the Tidewater Landing Project Area from Riverfront Mixed-Use (RD3) and Riverfront Public Open (RD1) to Riverfront Tidewater (RTW) to encourage cohesive mixed-use development of vacant parcels in proximity to the Blackstone and Seekonk Rivers that provide high-quality amenities for both residents and visitors, contribute to positive economic development, improve multi-modal connections to downtown Pawtucket, and enhance public access to, and viewsheds of, the riverfront area.

**VI. Proposed Changes, Land to be Acquired and Relocation**

The introduction to this document described the twelve items that must be included by statute in a redevelopment plan. This section includes required information related to proposed changes in land use and public improvements and the beneficiaries of these changes: (i) a description of proposed changes in streets and utilities, (ii) a statement showing the lands in the project area to be acquired and buildings or structures to be demolished and removed, (iii) a general statement of the extent of relocation resulting from the proposed redevelopment of the Tidewater Landing Project Area and the proposed method for rehousing of displaced persons, and (iv) the nature of any designated beneficiary class, as described in the Municipal TIF Act. This last item is a requirement for a project plan, not one of the twelve items required for a redevelopment plan.

**A. Proposed Changes in Streets and Utilities**

Tidewater Landing will utilize existing support utility and roadway infrastructure and will make enhancements as required to support the redevelopment of the subject parcels. Utility relocations and improvements on the development parcels include relocation of existing storm drainage systems, installation of enhanced stormwater treatment systems in order to have compliance with local and state standards, and new water supply and sanitary sewer systems to support the Tidewater Landing Project.

Roadway improvements along the abutting streets of Division Street, Taft Street, Merry Street, Portuguese Social Club Way, School Street, and Tidewater Street are anticipated. These improvements will include streetscape beautification including new sidewalks where needed, enhanced street tree plantings, repaving, roadway widening, and lane restriping where needed. Additionally, improvements to some of the collector roads that feed traffic into the surrounding development include ramp improvements at exits from Interstate-95 and other similar improvements to adjacent roads to reduce traffic impacts as a result of the additional volume the streets are anticipated to have when the development is completed.

**B. Land to be Acquired and Buildings Demolished**

There are no proposed land acquisitions or building demolitions currently planned for the Tidewater Landing Project. The existing parcels within the Tidewater Landing Project Area are undeveloped, vacant land so there is no need to demolish any dwellings or other structures.

**C. Relocation Resulting from the Redevelopment**

The Tidewater Landing Project Area is vacant. No relocation of dwellings or businesses is proposed.

**D. Proposed Method for Re-housing of Displaced Persons**

The Tidewater Landing Project Area is vacant. No relocation of residents is proposed.

**VII. Estimated Cost of Redevelopment Plan and Project Plan and Description of Financing**

**A. Estimated Cost of Redevelopment Plan and Project Plan and Method of Financing**

As noted in Section III. A. above, the City has one Redevelopment Area for the entire City. The estimated cost of implementing the City's entire Redevelopment Plan is many millions of dollars, the cost of which is expected to be financed in part by a variety of funding sources including federal Community Development Block Grants (CDBG), American Rescue Plan Act (ARPA) funds for eligible activities, capital improvement bond funds, and state and federal grant programs including, but not limited to, Rhode Island Department of Environmental Management (RIDEM), Rhode Island Department of Transportation (RIDOT), Southern New England Program (SNEP), Federal Emergency Management Agency (FEMA), and Economic Development Agency (EDA). The Tidewater Landing Project has been split into two phases. Phase 1A includes the design and construction of the stadium and some of the associated supportive infrastructure improvements including surface parking, a portion of the riverwalk, a large public plaza, and other utility and preparatory infrastructure. Phase 1A also includes the design and other preliminary expenditures for the pedestrian bridge and certain other public infrastructure improvements that are planned to be constructed as part of Phase 1B. Phase 1A is estimated to cost a total of \$124 million including all hard, soft and private financing costs. Phase 1A of the Tidewater Landing Project will be financed with approximately \$77 million of private debt/owner equity provided by Tidewater Stadium, LLC, the stadium owner and operator, \$35 million of Commercial Property Assessed Clean Energy (C-PACE) debt financing, \$1.5 million investment from the food and beverage operator, \$10 million from net proceeds of Rebuild Rhode Island tax credits, \$10 million of net proceeds from a Municipal TIF bond issued by the PRA or other City funding, and \$27 million of net proceeds from a Super TIF bond issued by the PRA.

Phase 1B of the Tidewater Landing Project is estimated to cost \$220 million with financing provided by general partner owner equity, limited partner equity and various sources of debt financing. The exact sources and uses of such funding are still being finalized. Phase 1B is expected to include residential units, surface and structured parking as well as office and retail/restaurant space.

These are preliminary estimates and the actual numbers will be different.

B. Tax Increment Provisions

In the event that the PRA pursues a Municipal TIF with respect to the Tidewater Landing Project, the following provisions shall apply to Phase 1:

- \* *Estimated amount of indebtedness:* \$15 million (to generate \$10 million in net proceeds)
- \* *Base Date:* December 31, 2021
- \* *Estimate of annual average net tax increment to be generated:* \$400,000 annually at stabilization escalating at a rate of 0.75% annually during years 2-6, 1.00% years 7-11, and 2.00% years 12-20 (see Figure G).

The development proposed in the Tidewater Landing Tax Increment Area is projected to result in an aggregate increase in assessed value of approximately \$171,000,000, without considering inflation and personal property taxes. Pursuant to the First Amended and Restated Tax Stabilization Agreement made between the City and the Developer, during the term defined in Section 2.2 therein, the City has determined the amount of Taxes to be paid by the Developer with respect to the Property shall be calculated based on a valuation of the Property conducted by the City in the ordinary course of its valuation processes and based on the then-current rate of Tax in the City for similar property, provided however, that the total amount of Tax due from and paid by the Developer with respect to the Property in each year of the Term shall be no greater than those amounts set forth on that certain Tax stabilization plan. Property shall mean any and all buildings, structures, and/or improvements now or during the Term on the Stadium Land (Assessor's reference Plat 54, Lot 0827), as well as the tangible property located therein. All capitalized terms not defined herein shall have the meaning set forth in the First Amended and Restated Tax Stabilization Agreement. A schedule showing the amount of the total annual tax due under the First Amended and Restated Tax Stabilization Agreement is on the following page.

[Remainder of page intentionally left blank]

### Tax Stabilization Plan

| Year       | City Taxes (Real Property Tax) | Escalator | City Taxes (Tangible Tax) New proposed by City | Escalator | City Taxes (Real + Tangible Tax) |
|------------|--------------------------------|-----------|--|-----------|----------------------------------|
| 1          | \$ 400,000.00                  |           | \$ -   | -         | \$ 400,000.00                    |
| 2          | \$ 403,000.00                  | 0.75%     | \$ -   | 0.75%     | \$ 403,000.00                    |
| 3          | \$ 406,022.50                  | 0.75%     | \$ -   | 0.75%     | \$ 406,022.50                    |
| 4          | \$ 409,067.67                  | 0.75%     | \$ -   | 0.75%     | \$ 409,067.67                    |
| 5          | \$ 412,135.68                  | 0.75%     | \$ -   | 0.75%     | \$ 412,135.68                    |
| 6          | \$ 415,226.69                  | 0.75%     | \$ -   | 0.75%     | \$ 415,226.69                    |
| 7          | \$ 419,378.96                  | 1.00%     | \$ -   | 1.00%     | \$ 419,378.96                    |
| 8          | \$ 423,572.75                  | 1.00%     | \$ -   | 1.00%     | \$ 423,572.75                    |
| 9          | \$ 427,808.48                  | 1.00%     | \$ -   | 1.00%     | \$ 427,808.48                    |
| 10         | \$ 432,086.56                  | 1.00%     | \$ -   | 1.00%     | \$ 432,086.56                    |
| 11         | \$ 436,407.43                  | 1.00%     | \$ 100,000.00                                  | 1.00%     | \$ 536,407.43                    |
| 12         | \$ 445,135.58                  | 2.00%     | \$ 102,000.00                                  | 2.00%     | \$ 547,135.58                    |
| 13         | \$ 454,038.29                  | 2.00%     | \$ 104,040.00                                  | 2.00%     | \$ 558,078.29                    |
| 14         | \$ 463,119.05                  | 2.00%     | \$ 106,120.80                                  | 2.00%     | \$ 569,239.85                    |
| 15         | \$ 472,381.44                  | 2.00%     | \$ 108,243.22                                  | 2.00%     | \$ 580,624.65                    |
| 16         | \$ 481,829.06                  | 2.00%     | \$ 110,408.08                                  | 2.00%     | \$ 592,237.14                    |
| 17         | \$ 491,465.65                  | 2.00%     | \$ 112,616.24                                  | 2.00%     | \$ 604,081.89                    |
| 18         | \$ 501,294.96                  | 2.00%     | \$ 114,868.57                                  | 2.00%     | \$ 616,163.52                    |
| 19         | \$ 511,320.86                  | 2.00%     | \$ 117,165.94                                  | 2.00%     | \$ 628,486.80                    |
| 20         | \$ 521,547.27                  | 2.00%     | \$ 119,509.26                                  | 2.00%     | \$ 641,056.53                    |
| Total 1-20 | \$ 8,926,838.87                |           | \$ 1,094,972.10                                |           | \$ 10,021,810.97                 |

Figure G. Tax Stabilization Plan

\*In Year 21 and thereafter, the property will be taxed at the normal rate for the City.

The first 20% (constituting the general obligation deductible allocation) of the increase in real and tangible property taxes will be retained by the City and not pledged to the repayment of the Municipal TIF bonds. Accordingly, the incremental real property taxes projected to be available to pay debt service on the Municipal TIF bonds is projected to be 80% of the amounts shown in Figure G. The excess of the property and tangible tax increment over annual debt service may be retained by the City.

[Remainder of page intentionally left blank]

- \*     *Officer responsible for calculating the tax increment:* City Tax Assessor
- \*     *Tax Increment Area:* The tax increment for the Municipal Tax Increment Financing bonds is to be derived from the stadium and mixed-use development, which is currently under construction or planned to be under construction. The Tidewater Landing Tax Increment Area includes the real estate occupied by the TS-LLC, located at Assessor's Map 23, Lot 0672; Assessor's Map 23, Lot 0673; Assessor's Map 54, Lot 0827; and Assessor's Map 65, Lot 0723 as identified in the records of the Tax Assessor as of October 1, 2022. The development proposed in the Tidewater Landing Tax Increment Area is projected to result in an increase in assessed value of approximately \$171,000,000, without considering inflation. The incremental real property taxes on the property are estimated to be approximately \$5,900,000 annually at stabilization excluding inflation; however, pursuant to the First Amended and Restated Tax Stabilization Agreement, the total Taxes due shall not exceed \$400,000 in real property taxes annually beginning in year one excluding escalation and \$100,000 in tangible property taxes annually beginning in year eleven excluding escalation. The first approximately \$80,000 of the increase in real property taxes and approximately \$20,000 of the increase in tangible property taxes will be retained by the City and not pledged to the repayment of the Municipal TIF Bonds. Accordingly, the incremental real and tangible property taxes projected to be available to pay debt service on repay the Municipal TIF Bonds is projected at approximately \$340,000 annually, excluding escalation. (The excess of the real property tax increment over annual debt service will be retained by the City.)
- \*     *Method of Calculation:* The table in Figure G above entitled "Tax Stabilization Plan" sets forth the City's estimate of the annual amounts of total Tax payments, which are expected to be available to secure annual debt service on Municipal TIF Bonds through the Term. Tax Increment Payments following the Term stated in the annually at stabilization will be dependent on assessed value as determined by the City Assessor, taxed at the normal rate for the City.

The City Assessor will use standard assessment methodology to calculate the assessed value of the Tidewater Landing Project. The estimated assessed value was derived from the developer's hard cost budget for the stadium and a mix of comparable properties and income capitalization for the mixed-use development. No appreciation in taxes is assumed.

The General Obligation Debt Allocation is a portion of the tax increment payments required under the Municipal TIF Act to be applied to debt service on the City's general obligation debt. It has been assumed that the amount of annual debt service on general obligation debt of the City as a percentage of the City's annual tax levy will be at or near twenty percent (20%) from fiscal year 2022 to 2053. What this portion will be in future years depends on many factors, including the amount and timing of any additional general obligation borrowings. For the purpose of this plan, it is presumed that the twenty-percent factor holds throughout the projected period.

- \*     *Uses of Increment:* The Municipal TIF Act permits the City to deposit as revenues in the General Fund those tax increment revenues that are not needed for the payment of

debt service on tax increment financing bonds, or bond anticipation notes or other short term financing, issued in conformance with the Municipal TIF Act, or the provision of any required security in connection with such debt, or the direct funding of any part of the project.

### **VIII. Conformance with the Comprehensive Community Plan**

The Tidewater Landing Project is located within the southern portion of the established Growth Center District. The 2016 City of Pawtucket Comprehensive Plan included the designation of a growth center, with a focus on economic redevelopment efforts in the TOD, the downtown and the riverfront, which form the basis for the Growth Center District portion of the Redevelopment Area. Figure H below shows the future land use map, including the location of the Growth Center District.

Figure H. Growth Center District Future Land Use Map

This Amendment conforms to the Goals, Objectives and Policies of the City's Comprehensive Plan. The removal of blighted and substandard conditions from the Redevelopment Area will allow more opportunities to implement the vision of the Comprehensive Plan. The goals, objectives and policies set forth in the Comprehensive Plan, met by this Amendment are as follows:

- Land Use Goal 2. Invest in the City's designated growth center and recognize the different objectives of its components including the Riverfront
- Land Use Objective 4. Increase the amount of available public recreation areas
- Land Use Policy 4. Maintain an updated file on all brownfields sites and encourage the remediation of these sites where necessary
- Land Use Policy 7. Accommodate new industrial, commercial, residential, and other developments through carefully considered rezoning
- Land Use Policy 8. Implement the Riverfront Development Plan
- Land Use Policy 9. Wherever possible, encourage pedestrian and bicycle links along the riverfront as well as throughout the City
- Economic Development Goal 3. Promote economic growth that capitalizes on the City's strengths

- Economic Development Goal 4. Use the Growth Center as a focus for economic development
- Economic Development Objective 2. Increase the number of businesses in Pawtucket
- Economic Development Objective 3. Increase the number of jobs in Pawtucket
- Economic Development Policy 1. Support Development that creates a strong, diverse, and vital commercial downtown
- Economic Development Policy 11. Utilize federal and state programs and financial incentives as a means to assist developers in remediation and reuse of brownfield sites within the city
- Recreation Goal 3. Develop recreation resources that link recreation sites, cultural sites, and natural resource sites, etc., including the Blackstone River Valley Bikeway, the Ten Mile River Bikeway, and walkways along both sides of the Pawtucket River.

These goals, objectives and policies are all supportive of the type of redevelopment within the Tidewater Landing Project Area. All proposed development project phases will be evaluated based on the foregoing criteria.

## **IX. Attainment of the Purposes of the Redevelopment Act**

The purposes of the Municipal TIF Act include “the public health, safety, morals, and welfare of the people of the state generally, the increase of their commerce, welfare, and prosperity and the improvement of their housing, employment and educational opportunities and general living conditions . . .” The Municipal TIF Act was provided to “prevent, arrest, and alleviate blighted, decayed, and substandard areas in cities and to increase the supply of housing available to homeowners and to tenants at low rentals, to increase the tax base . . .” The Municipal TIF Act further states that it is the purpose of the statute “to provide an additional and alternative means to cities and towns to fund and/or finance municipal and other public facilities and residential, commercial and industrial development and revitalization, home ownership; and programs to combat poverty, improve municipal and neighborhood living conditions and provide improved employment and educational opportunities, all to the public benefit and good, in the manner provided in this chapter.”

The Redevelopment Plan described herein will allow the City to realize many of the benefits for which the Municipal TIF Act was intended, including the following:

### **A. Public Health, Safety and General Living Conditions**

The Redevelopment Plan promotes a higher level of redevelopment of blighted sites within the Tidewater Landing Project Area, which if left alone, might retard or otherwise negatively influence the potential for high value redevelopment that we believe possible on this property.

The Redevelopment Plan provides improved visibility and connections of the Pawtucket River.

### **B. Increase Commerce and Employment Opportunities**

The overall revitalization of blighted properties within the Tidewater Landing Project Area will have positive spin-off effects on neighboring property values.

## APPENDIX A

### Assessor's List of Parcels within Redevelopment Area

| Assessor's Map | Parcel Number |
|----------------|---------------|----------------|---------------|----------------|---------------|----------------|---------------|
| 5              | 37            | 23             | 332           | 38             | 374           | 53             | 216           |
| 5              | 38            | 23             | 346           | 38             | 375           | 53             | 217           |

The community will derive substantial tax benefits from the redevelopment property within the Tidewater Landing Project Area which will fund various educational, public safety and social programs of the City, benefitting all of the City's residents.

A successful entrepreneurial effort on the part of the PRA within the Tidewater Landing Project Area can provide funds necessary to facilitate the redevelopment of other properties throughout the City, having a continuous positive benefit for years to come.

Successful redevelopment of this area will prove to skeptics that sensitive redevelopment is possible, and can serve as an inspiration for other older, neglected areas of the City in need of redevelopment assistance.

PAWTUCKET REDEVELOPMENT AGENCY

RESOLUTION NO. 3129

October 18, 2022

RESOLUTION OF THE PAWTUCKET REDEVELOPMENT AGENCY APPROVING PAWTUCKET REDEVELOPMENT PLAN, AMENDMENT NO. 18, ENTITLED "TIDEWATER LANDING PROJECT," WHICH IS SUBJECT TO FINAL APPROVAL BY THE CITY OF PAWTUCKET CITY COUNCIL

WHEREAS, on October 18, 2022, the Pawtucket Redevelopment Agency ("PRA") conducted a meeting regarding Amendment No. 18 to the Pawtucket Redevelopment Plan which presented PRA's plan to revitalize and redevelop the City of Pawtucket (the "City") consistent with the amendments to the Downtown Pawtucket Redevelopment Act, chapter 45-33.4 of the General Laws (the "Super TIF Legislation") to capture the City's Arts District, the Ballpark District and Growth Center District identified by the RI General Assembly in the Super TIF Legislation; and to raise funds for such redevelopment by the means of tax increment financings pursuant to the Super TIF Legislation and chapter 45-33.2 of the General Laws (the "Municipal Tax Increment Financing Act"); and

WHEREAS, the PRA has formulated the Amendment No. 18 to the Redevelopment Plan to add a Project Plan with respect to the Tidewater Landing Project, which amendment is attached hereto as Exhibit A and incorporated herein ("Amendment No. 18"); and

WHEREAS, the PRA has reviewed the proposed Amendment No. 18; and

WHEREAS, PRA has determined that Amendment 18:

1. conforms to the goals, objectives and policies of the Comprehensive Plan;
2. is feasible, and will promote the public health, safety, morals of the community, and would effectuate the purposes of chapters 31-33 of title 45;
3. contains each of the required contents of a redevelopment plan which are set forth in R.I. Gen. Laws § 45-32-8; and
4. satisfies the requirements set forth in R.I. Gen. Laws § 45-32-1 *et seq.*;
5. satisfies the requirements for a project plan set forth in the Municipal Tax Increment Financing Act.

WHEREAS, under R.I. Gen. Laws § 45-32-4, a redevelopment plan must be adopted by ordinance of the legislative body of the municipality; and

WHEREAS, the within approval of the Amendment by PRA is not final, but rather is subject to the subsequent approval of an ordinance of the Pawtucket City Council adopting the Amendment 18.

NOW, THEREFORE, be it resolved by PRA as follows:

1. Amendment 18 is approved, but subject to the subsequent approval of an ordinance adopting the Revised Amendment by the Pawtucket City Council.
2. The Redevelopment Plan, as amended by Amendment 18:
  - a. conforms to the goals, objectives and policies of the Comprehensive Plan;
  - b. is feasible, and will promote the public health, safety, morals of the community, and would effectuate the purposes of chapters 31-33 of title 45;
  - c. includes lands, buildings, or improvements in the Project Area which are necessary for the effective redevelopment of the Project Area;
  - d. contains each of the required contents of a redevelopment plan which are set forth in R.I Gen. Laws § 45-32-8; and
  - e. satisfies the requirements set forth in R.I. Gen. Laws § 45-32-1 *et seq.*
  - f. satisfies the requirements set forth in R.I. Gen. Laws § 45-33.2 *et seq.*
3. This resolution shall take effect upon its adoption.

Submitted by,

Lawrence Monastesse  
Chair  
Pawtucket Redevelopment Agency
